

Wolf Activity Sheet

Spirit of Water Requirement 1: Demonstrate how the water in your community can become polluted

Clean and healthy oceans are important for the survival of marine animals. Find and explore the Stranding Exhibit in the Bay & Ocean Pavilion.

Using what you've learned, place a **✓** next to the items that should be in a healthy sea turtle habitat. Place an **X** next to the items that shouldn't be in a sea turtle habitat.

Council Fire Requirement 3B: Select one issue in your community, and present to your den your ideas for a solution to the problem

Use the Stranding Exhibit to identify 1 threat that faces sea turtles.

1. _____

Write down 3 ways you can help solve this problem and share your ideas with your den.

1. _____

2. _____

3. _____

Wolf Activity Sheet

Call of the Wild Requirement 3: While on a den or family outing, identify four different types of animals. Explain how you identified them.

Paws on the Path Requirement 7: Name two birds, two insects, and two other animals that live in your area. Explain how you identified them.

Use one of the Aquarium's fish identification sheets to help you identify 2 fish found at the Aquarium. Sketch each animal below . What helped you identify it? (tail shape, colors, stripes, spots, etc.)

Take a walk on the Marsh Loop and look for more animals. Identify 2 birds and 2 insects that you see on your walk. Sketch each animal below.

Fish #1	Fish #2
Bird #1	Bird #2
Insect #1	Insect #2
