

Homeschool Day

Friday, September 21

Are you ready to explore our great outdoors? Join us for a day of wetland and watershed exploration in Owl's Creek and adventure into our maritime forest habitat. Educators will facilitate activities for all ages. Bring your muddy shoes and get ready to have some fun!

Salt Marsh Habitat

Learn about our local reef maker, the oyster! Tackle the challenge of building a reef habitat and meet some of the critters who call it home.

Maritime Forest Habitat

Calculate how much carbon our trees can store and hug a tree while you're at it! Challenge your friends in a wetland relay race then use your artistic skills to make a leaf rubbing.

Classroom

Did you know that everyone has a watershed address? Join an educator in search of your watershed address and learn how our actions on land effect our waterways.

Conservation Speakers

Learn from our experts what you can do at home to help our wetlands and maritime forests. Topics include native plants, watershed monitoring, critter identification, and DIY fun!

Age	Aquarium Only	Aquarium + Film	Adventure Park Discount
Children (under age 2)	Free	Free	Discounted tickets available for Home-school families. \$30.50 per person. Open to all ages 5+. Use promo code: Home-school189.
