

Brownie Senses Badge

Step 1: Look Around

There are many different types of animals at the Aquarium. Look for animals that match the descriptions and write their names in the blanks.

Big	_____	Small	_____
Spots	_____	Stripes	_____
Yellow	_____	Blue	_____
Slow	_____	Fast	_____

Step 2: Listen to the World

Go out onto the Marsh Loop. Stop at the oyster exhibits on the loop and listen to nature. Write down 3 sounds you hear.

1. _____
2. _____
3. _____

Continue around the Marsh Loop. Stop at the freshwater pond nestled in the trees. Write down 3 sounds you hear.

1. _____
2. _____
3. _____

Brownie Activity Sheet

Step 3: Put Your Nose to Work

While you're on the Marsh Loop, stop and smell the marsh. What does it smell like to you? Why do you think it smells this way? Imagine you live in the marsh. Would you want your house to smell like this?

Step 4: Take a Taste Test

Find the sea stars in our ocean exhibits. Sea stars taste with their tube feet, which comes in handy since they don't have eyes that help them see what they're eating. During your next snack break, have an adult blindfold you. Can you guess what you're eating without looking?

Step 5: Touch & Feel

Visit touch stations around the Aquarium. Mark an "X" to show which textures you found at each station.

	Rough	Smooth	Spiny	Slippery
Horseshoe Crabs				
Ray Touch Pool				
Conservation Station Animal Encounter
