

Youth Ocean Conservation Summit, March 2nd 2018

T-shirt Design Contest!

Prompt: *How does plastic pollution impact our ocean?*

Share with us your creative design that illustrates how plastic pollution impacts our ocean. The winning design will be featured on the Youth Ocean Conservation Summit t-shirts offered to participants during the March 2nd event at the Virginia Aquarium & Marine Science Center.

The Youth Ocean Conservation Summit is a unique opportunity for students in grades 6-12 to share their passion for the ocean and conservation with other students. It also provides the knowledge and skills needed to launch conservation projects to address pressing threats to marine and aquatic ecosystems.

Opens: December 17, 2018

Closes: February 1, 2019

Winners will receive one free admission to the Youth Ocean Conservation Summit and a t-shirt.

Rules/Guidelines:

- Entries must be of original work, no copyrighted images.
- Open to students in grades 6 through 12.
- Must fit in 10"x10" format.
- Traditional media such as copy paper, and digital media files in jpeg or PDF format, will be accepted.
- All designs should use one color (like a coloring book).
- The winning entry will be used in promotion for the event.
- Entries will be showcased at the event.
- The Virginia Aquarium & Marine Science Center reserves the right to modify entries to fit t-shirt graphic format if needed.
- Include name, age, and school name with entries.
- By submitting art, you agree to let the Virginia Aquarium & Marine Science Center use the artwork, with credit to the student artist, in conjunction with the Youth Ocean Conservation Summit, digitally or in print.
- Only one entry per person.
- One entry will be chosen to be the t-shirt design for the Youth Ocean Conservation Summit. Aquarium staff will contact the winning student artist by February 8, 2019.
- Questions? Ask Leslie Clements at LAClemen@VirginiaAquarium.com.
- Submissions may be emailed or mailed to:
